Journal of the Autonomic Nervous System 52 (1995) 241–242

Journal of the Autonomic Nervous System

Author Index

Abe, K., see Munakata, M. (52) 213
Adelson, D.W., see Wei, J.Y. (52) 83
Alm, P., see Persson, K. (52) 225
Anderson, C.R., Furness, J.B., Woodman, H.L., Edwards, S.L., Crack, P.J. and Smith, A.I.
Characterisation of neurons with nitric oxide synthase immunoreactivity that project to prevertebral ganglia (52) 107
Andersson, K.-E., see Persson, K. (52) 225
Ando, E., see Arima, T. (52) 77
Ando, M., see Arima, T. (52) 77
Ando, Y., see Arima, T. (52) 77
Arima, T., Ando, Y., Ando, E., Okamura, R., Sakashita, N., Tanaka, Y., Uchino, M. and Ando, M.
Secondary amyloidosis with severe autonomic dysfunctions (52) 77

Bersch, U., see Schalow, G. (52) 151
Bersch, U., see Schalow, G. (52) 181
Brooks, P.A., see Deuchars, S.A. (52) 51
Butler, P.J., see Ranson, R.N. (52) 1

Christensen, J., Fang, S. and Rick, G.A.
NADPH-diaphorase-positive nerve fibers in smooth muscle layers of opossum esophagus: gradients in density (52) 99
Coleman, H.A., see Holman, M.E. (52) 237
Coote, J.H., see Pyner, S. (52) 35
Crack, P.J., see Anderson, C.R. (52) 107

Deuchars, S.A., Spyer, K.M., Brooks, P.A. and Gilbey, M.P.
A study of sympathetic preganglionic neuronal activity in a neonatal rat brainstem-spinal cord preparation (52) 51
Drummond, P.D.
Mechanisms of physiological gustatory sweating and flushing in the face (52) 117

Edwards, S.L., see Anderson, C.R. (52) 107

Fang, S., see Christensen, J. (52) 99
Furness, J.B., see Anderson, C.R. (52) 107

Gilbey, M.P., see Deuchars, S.A. (52) 51
Go, V.L.W., see Wei, J.Y. (52) 83
Göcking, K., see Schalow, G. (52) 151
Gouda, E., see Prabhakar, N.R. (52) 43

Hashimoto, J., see Munakata, M. (52) 213
Hasunuma, T., see Oka, H. (52) 203
Hattori, T., see Sakakibara, R. (52) 17
Hirayama, K., see Sakakibara, R. (52) 17
Holman, M.E., Tonta, M.A., Parkington, H.C. and Coleman, H.A.
Tetrodotoxin-sensitive action potentials in smooth muscle of mouse vas deferens (52) 237
Houi, K., see Oka, H. (52) 203

Ikuta, Y., Shimoda, O. and Kano, T.
Quantitative assessment of the autonomic nervous system activities during atropine-induced bradycardia by heart rate spectral analysis (52) 71
Imai, Y., see Munakata, M. (52) 213
Isogai, Y., see Oka, H. (52) 203
Izumi, H., see Karita, K. (52) 65

Johansson, K., see Persson, K. (52) 225

Kano, T., see Ikuta, Y. (52) 71
Karita, K., Takahashi, H., Yasui, T. and Izumi, H.
Effects of the autonomic ganglion blocking agent hexamethonium on vasodilator responses mediated by the parasympathetic ganglion on the chorda tympani pathway of the cat (52) 65
Katayama, K., see Oka, H. (52) 203
Koch, H.G., see Schalow, G. (52) 181
Kou, Y.R., see Prabhakar, N.R. (52) 43
Kumar, G.K., see Prabhakar, N.R. (52) 43

Larsson, B., see Persson, K. (52) 225

Michel, D., see Schalow, G. (52) 181
Mochio, S., see Oka, H. (52) 203
Munakata, M., Imai, Y., Hashimoto, J., Omata, K., Nakao, M., Yamamoto, M. and Abe, K.
Normal sympathetic vasomotor and cardiac parasympathetic activities in patients with primary aldosteronism: assessment by spectral analysis (52) 213

Nakao, M., see Munakata, M. (52) 213
Nohara, T., see Oka, H. (52) 203

Oka, H., Mochio, S., Sato, K., Sato, H., Katayama, K., Watanabe, S., Nohara, T., Hasunuma, T., Houi, K. and Isogai, Y.
Spectral analyses of R-R interval and systolic blood pressure in diabetic autonomic neuropathy (52) 203
Okamura, R., see Arima, T. (52) 77
Omata, K., see Munakata, M. (52) 213

Parkington, H.C., see Holman, M.E. (52) 237
Persson, K., Alm, P., Johansson, K., Larsson, B. and Andersson, K.-E.
Co-existence of nitrergic, peptidergic and acetylcholine esterase-positive nerves in the pig lower urinary tract (52) 225
Prabhakar, N.R., Gouda, E., Kumar, G.K. and Kou, Y.R.
Analysis of carotid chemoreceptor responses to substance P analogue in anaesthetized cats (52) 43
Pyner, S. and Coote, J.H.
Arrangement of dendrites and morphological characteristics of sympathetic preganglionic neurones projecting to the superior cervical ganglion and adrenal medulla in adult cat (52) 35

Ranson, R.N., Butler, P.J. and Taylor, E.W.
Studies on nerves of the upper respiratory tract in the ferret and the mink (52) 1
Rick, G.A., see Christensen, J. (52) 99

Sakakibara, R., Hattori, T., Tojo, M., Yamanishi, T., Yasuda, K. and Hirayama, K.
Micturitional disturbance in myotonic dystrophy (52) 17
Sakashita, N., see Arima, T. (52) 77
Sato, H., see Oka, H. (52) 203
Sato, K., see Oka, H. (52) 203
Schalow, G., Bersch, U., Göcking, K. and Zäch, G.A.
Detrusor-sphincteric dyssynergia in paraplegics compared with the synergia in a brain-dead human by using the single-fibre action potential recording method (52) 151
Schalow, G., Bersch, U., Michel, D. and Koch, H.G.
Detrusor-sphincteric dyssynergia in humans with spinal cord lesions may be caused by a loss of stable phase relations between and within oscillatory firing neuronal networks of the sacral micturition center (52) 181
Schalow, G., Zäch, G.A. and Warzok, R.
Classification of human peripheral nerve fibre groups by conduction velocity and nerve fibre diameter is preserved following spinal cord lesion (52) 125
Shimoda, O., see Ikuta, Y. (52) 71
Smith, A.I., see Anderson, C.R. (52) 107
Spyer, K.M., see Deuchars, S.A. (52) 51

Taché, Y., see Wei, J.Y. (52) 83
Takahashi, H., see Karita, K. (52) 65
Tanaka, Y., see Arima, T. (52) 77
Taylor, E.W., see Ranson, R.N. (52) 1
Tojo, M., see Sakakibara, R. (52) 17
Tonta, M.A., see Holman, M.E. (52) 237

Uchino, M., see Arima, T. (52) 77

Warner, M.R.
Time-course and frequency dependence of sympathetic stimulation-evoked inhibition of vagal effects at the sinus node (52) 23
Warzok, R., see Schalow, G. (52) 125
Watanabe, S., see Oka, H. (52) 203
Wei, J.Y., Adelson, D.W., Taché, Y. and Go, V.L.W.
Centrifugal gastric vagal afferent unit activities: another source of gastric "efferent" control (52) 83
Woodman, H.L., see Anderson, C.R. (52) 107

Yamamoto, M., see Munakata, M. (52) 213
Yamanishi, T., see Sakakibara, R. (52) 17
Yasuda, K., see Sakakibara, R. (52) 17
Yasui, T., see Karita, K. (52) 65

Zäch, G.A., see Schalow, G. (52) 125
Zäch, G.A., see Schalow, G. (52) 151
